

CSA Program 2012

Community Supported Agriculture, or CSA, consists of a community of individuals who pledge support to a farm operation so the farmland becomes, either largely or spiritually, the community's farm, with the grower and the consumer providing mutual support and sharing the risks and benefits of food production. Members or shareholders of the farm pledge in advance to cover the anticipated costs of the farm operation and the farmer's salary. In return, they receive shares in the farm's bounty throughout the growing season, as well as the satisfaction gained from reconnection to the land.

Hendy Hollow Organic Farm is a beautiful 80 acre farm located in Chemung County, between the cities of Elmira and Corning. To us, the farm is its own ecosystem, with nature thriving among fields, ponds, streams, forest and wetlands. We view our role here as stewards of this beautiful ecosystem, and do all we can to care for the land so that this will also be enjoyed by future generations.

Our CSA Program at Hendy Hollow Organic Farm runs 22 weeks beginning in early June until the end of October. The cost of a family share is \$520.00. A family share should easily feed 2-4 people for a

week. The single share feeds 1-2 persons and is priced at \$400.00. This represents a large savings over Organic Produce purchased at retail. Additionally, we supplement shares with Certified Organic Products from our sister company, Culinary Kiosk.

Pick-up days are Wednesdays at the farm, and on Saturdays at the Ithaca Farmers Market

We value your support and we will do all we can to make this a very worthwhile relationship. All of our produce is harvested at its peak so that you are assured of the freshest produce that can be made available to you.
